Ask questions and discuss the proposal with Brenchley21.

HERE ARE SOME FACTS:

- Brenchley21 is a Community Interest Company founded as a village initiative. **NO MEMBERS** will personally gain from the development.
- The current owners of the proposed site have generously offered to GIFT nearly four acres of land to build our new school. In lieu of a cash payment they have asked for one new home on the new housing development. The proposed housing development will enable and fund our new school.
- We need a new school because there are insufficient funds for the necessary repairs and maintenance required.
- The school development budget stands at £5M. This covers the cost of construction, outfitting and landscaping a quality building that is designed to last.
- The proposed site was chosen to ensure the education of the children currently at the school is undisturbed whilst we plan for the future for our village primary school that has a 175-year history.
